

Swimsol

Job Description SolarSea Scuba Diver

© 2025 Swimsol Maldives Pvt. Ltd

H. Azum, 2nd Floor, Ameenee Magu, Male'
Tel. +960 9990850 – jobs@swimsol.com

What we do

Swimsol developed the world's first floating solar system for a marine environment. It provides clean solar energy for tropical island states like the Maldives where onshore space is scarce.

Our main work is:

- Installation of Solar PV systems on roofs and at sea
- Maintenance of moorings systems and troubleshooting of operational PV systems
- Transport, storage, and maintenance of solar system components and tools

We are seeking motivated, reliable, and enthusiastic individuals to join our multinational dive team for SolarSea photovoltaic installations and maintenance work.

What does working with Swimsol mean?

- Becoming part of a dynamic, international team
- Gaining opportunities to learn and develop in diverse areas including solar system construction, marine installations, electrical engineering, installation site management, and customer relations
- Traveling across the Maldives and occasionally abroad

What this job includes and we expect from you

- Advanced Open-Water-Diver or equivalent, with a minimum of 50 dives.
- Maldivian Nationals or Work Permit Holder
- Up to 3 work dives/day
- Using (underwater) power tools (battery drill, hammer drill, etc.)
- Assist with the installation and assembly of SolarSea systems on land
- Help with the unloading, offloading, and handling of solar system components and tools
- Regular reporting to the management on site and abroad
- Travelling mainly within Maldives and being away from your home base
- Maintaining an excellent relationship with our valuable customers
- Great communication skills; respectful treatment of colleagues and clients

Our offer

- Negotiable salary based on qualifications and experience.
- Food and Accommodation will be provided while being away from home base.
- Holidays and other provisions of the Labour Law will be followed

Application Requirements

- Up-to-date resumé
- Clear copy of National ID card, front and back
- Educational certificates, SCUBA diving certificates
- Police clearance
- Recent passport-size photo

Interested candidates please send your application to: jobs@swimsol.com
